

## 6U rSeries Shallow Rolling Rack

SKU: 1SKB-R6SW

### Description

Available in 4U, 6U, and 8U sizes, SKB Shallow Rolling Racks are roto-molded of Polyethylene (LLDPE) for extra strength and durability. These racks incorporate our one-touch pull handle and side mounted wheels to improve ease of transport and help eliminate heavy lifting and carrying. The exteriors feature SKB's recognizable bar design that signifies the rack unit size on the front and rear lids. Molded bars on top and bottom also provide interlocking capabilities allowing you to easily and securely stack them with SKB's Shallow Racks, Standard Roto Racks, and Standard Roto Rolling Racks, making transport even more convenient and secure. Lids include rubber gasket seals to keep water out. Other standard features include front and rear steel threaded rails and rack screws (10-32 thread), recessed steel Mil-Spec twist latches, flush carry handles, and non-slip rubber feet. All Shallow Roto Rolling Racks are 11.75" deep from front rail to rear rail.

### Features
